

has inspected the OHA for life stages of gypsy moth in accordance with the procedures in the program aid.

*Outdoor household articles.* Articles associated with a household that have been kept outside the home such as awnings, barbecue grills, bicycles, boats, dog houses, firewood, garden tools, hauling trailers, outdoor furniture and toys, recreational vehicles and associated equipment, and tents.

*Person.* Any individual, partnership, corporation, company, society, association, or other organized group.

*Qualified certified applicator.* Any individual (1) certified pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136i) as a certified commercial applicator in a category allowing use of the restricted use pesticides Spray N Kill (EPA Registration No. 8730-30), Ficam W (EPA Registration No. 45639-1), and acephate (Orthene®); (2) who has attended and completed a workshop approved by the Administrator on the identification and treatment of gypsy moth life stages on outdoor household articles and mobile homes; and (3) who has entered into a compliance agreement in accordance with § 301.45-6 of this part for the purpose of inspecting, treating, and issuing certificates for the movement of outdoor household articles and mobile homes.<sup>1</sup>

*Recreational vehicles.* Highway vehicles, including pickup truck campers, one-piece motor homes, and travel trailers, designed to serve as temporary places of dwelling.

*Regulated articles.* (1) Trees without roots (e.g., Christmas trees), trees with roots, and shrubs with roots and persistent woody stems, unless they are greenhouse grown throughout the year.

(2) Logs, pulpwood, and bark and bark products.

(3) Mobile homes and associated equipment.

(4) Any other products, articles, or means of conveyance, of any character whatsoever, when it is determined by an inspector that any life stage of gypsy moth is in proximity to such articles and the articles present a high

risk of artificial spread of gypsy moth infestation and the person in possession thereof has been so notified.

*State.* Any State, Territory, or District of the United States including Puerto Rico.

*Treatment manual.* The provisions currently contained in the Gypsy Moth Program Manual.<sup>2</sup>

*Under the direction of.* Monitoring treatments to assure compliance with the requirements in this subpart.

*Under the direct supervision of a qualified certified applicator.* An inspection or treatment is considered to be applied under the direct supervision of a qualified certified applicator if the inspection or treatment is performed by a person acting under the instructions of a qualified certified applicator who is available if and when needed, even though such qualified certified applicator is not physically present at the time and place the inspection or treatment occurred.

#### **§ 301.45-2 Authorization to designate and terminate designation of generally infested areas.**

(a) Generally infested areas. The Administrator shall list as generally infested areas in § 301.45-3 each State or each portion thereof in which a gypsy moth general infestation has been found by an inspector, or each portion of a State which the Administrator deems necessary to regulate because of its proximity to infestation or its inseparability for quarantine enforcement purposes from infested localities; Except that, an area shall not be listed as a generally infested area if the Administrator has determined that:

(1) The area is subject to a gypsy moth eradication program conducted by the Federal government or a State government in accordance with the Eradication, Suppression, and Slow the Spread alternative of the Final Environmental Impact Statement (FEIS)

<sup>1</sup>Names of qualified certified applicators may be obtained from State departments of agriculture.

<sup>2</sup>The Gypsy Moth Program Manual may be viewed on the Internet at [http://www.aphis.usda.gov/import\\_export/plants/manuals/domestic/downloads/gypsy\\_moth.pdf](http://www.aphis.usda.gov/import_export/plants/manuals/domestic/downloads/gypsy_moth.pdf).

### § 301.45-3

on Gypsy Moth Suppression and Eradication Projects that was filed with the United States Environmental Protection Agency on January 16, 1996; and,

(2) State or Federal delimiting trapping surveys conducted in accordance with Section II, "Survey Procedures—Gypsy Moth" of the Gypsy Moth Treatment Manual show that the average number of gypsy moths caught per trap is less than 10 and that the trapping surveys show that the eradication program is effectively diminishing the gypsy moth population of the area.

(b) Less than an entire State will be designated as a generally infested area only if the Administrator has determined that:

(1) The State has adopted and is enforcing a quarantine or regulation which imposes restrictions on the intrastate movement of the regulated articles which are substantially the same as those which are imposed with respect to the interstate movement of such articles under this subpart; and,

(2) The designation of less than the entire State as a generally infested area will be adequate to prevent the artificial interstate spread of infestations of the gypsy moth.

(c) Temporary designation of areas as generally infested areas. The Administrator or an inspector may temporarily designate any area in any State as a generally infested area in accordance with the criteria specified in paragraph (a) of this section. An inspector will give written notice of the designation to the owner or person in possession of the area and thereafter, the interstate movement of any regulated article from such areas is subject to the applicable provisions of this subpart. As soon as practicable, each generally infested area will be added to the list in §301.45-3 or the designation will be terminated by the Administrator or an authorized inspector, and notice thereof shall be given to the owner or person in possession of the areas.

(d) Termination of designation as a generally infested area. The Administrator shall terminate the designation of any area as a generally infested area whenever the Administrator determines that the area no longer requires

### 7 CFR Ch. III (1-1-14 Edition)

designation under the criteria specified in paragraph (a) of this section.

[58 FR 39423, July 23, 1993, as amended at 72 FR 70764, Dec. 13, 2007]

#### § 301.45-3 Generally infested areas.

(a) The areas described below are designated as generally infested areas:

##### CONNECTICUT

The entire State.

##### DELAWARE

The entire State.

##### DISTRICT OF COLUMBIA

The entire district.

##### ILLINOIS

*Cook County.* The entire county.

*Du Page County.* The entire county.

*Lake County.* The entire county.

*McHenry County.* The entire county.

##### INDIANA

*Allen County.* The entire county.

*De Kalb County.* The entire county.

*Elkhart County.* The entire county.

*LaGrange County.* The entire county.

*LaPorte County.* The entire county.

*Noble County.* The entire county.

*Porter County.* The entire county.

*St. Joseph County.* The entire county.

*Steuben County.* The entire county.

##### MAINE

*Androscoggin County.* The entire county.

*Aroostook County.* The townships of Amity, Bancroft, Benedicta, Cary Plantation, Crystal, Dyer Brook, Forkstown, Glenwood Plantation, Haynesville, Hodgdon, Houlton, Island Falls, Linneus, Macwahoc Plantation, Molunkus, New Limerick, North Yarmouth Academy Grant, Oakfield, Orient, Reed Plantation, Sherman, Silver Ridge, Upper Molunkus, Weston, T1 R5 WELS, T2 R4 WELS, T3 R3 WELS, T3 R4 WELS, T4 R3 WELS, and TA R2 WELS.

*Cumberland County.* The entire county.

*Franklin County.* Avon, Carthage, Chesterville, Coplin Plantation, Crockertown, Dallas Plantation, Davis, Eustis, Farmington, Freeman, Industry, Jay, Jerusalem, Kingfield,
